### **REASONS FOR ALLOWANCE**

1. Claims 1-17 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The specific limitations of "the front round step member and the rear round step member" are not anticipated or made obvious by the prior art of record. The closest prior art of record, CN ZL93245731.2 teaches a changeable energy-storage medicinal hot-compress implement comprises an external housing 1, a hot compress device and a medicine bag 4 wherein the hot compress device is secured on the external housing 1; the medicine bag 4 is attached to the hot compress device and is detachably clamped by the external housing. The external housing is made of soft cloth such as cotton cloth 3, the hot compress device may be an electro thermal energy storage type hot compress device constructed by a sealed case containing PTC heat sensitive ceramic heat generating assembly 7 and thermal insulation materials, or an external heating energy storage type hot compress device constructed by a sealed case containing energy storage liquids 11. The implement according to the invention has both hot compress and medicinal functions without the need of application of electricity or magnetism to a human body, and has beneficial therapeutic effects and is safe and convenient to operate (See Page 1, lines 1-20; Figs. 1, 2, and 3).

However CN'731 fails to teach or suggest the front round step member and the rear round step member which supports the handle, the heater and the rotation motion of the cartridge relative the heater.

CN ZL93222773.2 teaches a massage pain releasing device comprising handles 3 (Fig. 1), rolling member 1 (Fig. 1) and a medicated towel 4 (Fig. 1) comprising medication.

Art Unit: 3761

However CN '773 fails to teach or suggest the heater assembly, electrical switch and cord, and the front and rear step members.

US 5,411,470 teach a foot massage device comprising a rolling member (See Abstract, lines 1-8; Figs. 1-5). However, US '470 fail to teach or suggest the heater assembly, the handle, and the medicinal cartridge, and the front and rear step members.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
